

LCAP

Local Control Accountability Plan

School Year: 2023-24

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Urban Corps of San Diego County Charter

CDS Code: 26102640124990

School Year: 2023-24

LEA Contact Information: Dan Thomas | dthomas@uccharter.org | 619-235-6884

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

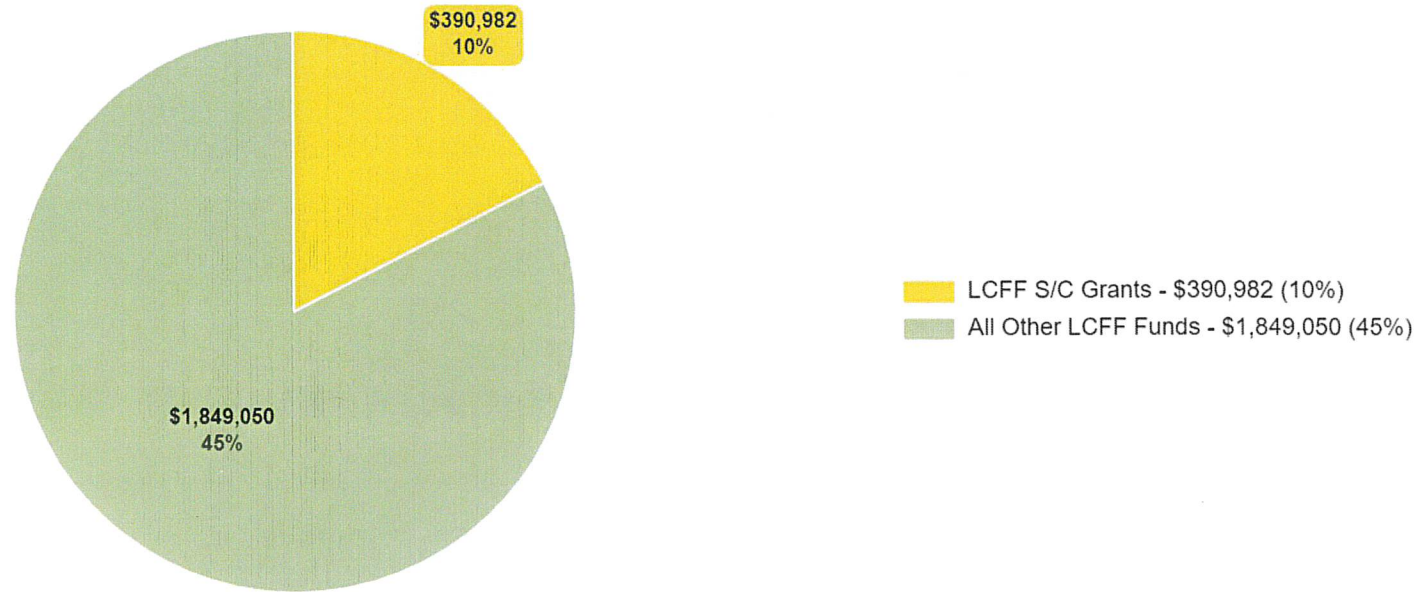

Budget Overview for the 2023-24 LCAP Year

Projected Revenue by Fund Source

Source	Funds	Percentage
All Other State Funds	\$1,101,644	28%
All Local Funds	\$105,900	3%
All Federal Funds	\$539,692	14%
Total LCFF Funds	\$2,240,032	55%

Breakdown of Total LCFF Funds

Source	Funds	Percentage
LCFF S/C Grants	\$390,982	10%
All Other LCFF Funds	\$1,849,050	45%

These charts show the total general purpose revenue Urban Corps of San Diego County Charter expects to receive in the coming year from all sources.

The total revenue projected for Urban Corps of San Diego County Charter is \$3,987,268, of which \$2,240,032 is Local Control Funding Formula (LCFF), \$1,101,644 is other state funds, \$105,900 is local funds, and \$539,692 is federal funds. Of the \$2,240,032 in LCFF Funds, \$390,982 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures in the LCAP

This chart provides a quick summary of how much Urban Corps of San Diego County Charter plans to spend for 2023-24. It shows how much of the total is tied to planned actions and services in the LCAP.

Urban Corps of San Diego County Charter plans to spend \$3,973,922 for the 2023-24 school year. Of that amount, \$736,409 is tied to actions/services in the LCAP and \$3,237,513 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

All expenditures support the needs of the students and staff within each fiscal year.

Increase or Improved Services for High Needs Students in the LCAP for the 2023-24 School Year

In 2023-24, Urban Corps of San Diego County Charter is projecting it will receive \$390,982 based on the enrollment of foster youth, English learner, and low-income students. Urban Corps of San Diego County Charter must describe how it intends to increase or improve services for high needs students in the LCAP. Urban Corps of San Diego County Charter plans to spend \$486,409 towards meeting this requirement, as described in the LCAP.

Update on Increased or Improved Services for High Needs Students in 2022-23

Prior Year Expenditures: Increased or Improved Services for High Needs Students

This chart compares what Urban Corps of San Diego County Charter budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Urban Corps of San Diego County Charter estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2022-23, Urban Corps of San Diego County Charter's LCAP budgeted \$746,409 for planned actions to increase or improve services for high needs students. Urban Corps of San Diego County Charter actually spent \$751,034 for actions to increase or improve services for high needs students in 2022-23.

Instructions

LCFF Budget Overview for Parents Data Entry Instructions

These instructions are for the completion of the Local Control Funding Formula (LCFF) Budget Overview for Parents.

**NOTE:* The "High Needs Students" referred to below are Unduplicated Students for LCFF funding purposes.

LEA Information

The LEA must enter the LEA name, county district school (CDS) code (14 digits), and LEA contact information (name, phone number and email address) in the corresponding blue boxes.

Coming School Year: This information is automatically generated.

Current School Year: This information is automatically generated.

Projected General Fund Revenue for the 2022–23 School Year

All amounts should be entered in the boxes below the corresponding amount title. The coming school year (as indicated above) means the fiscal year for which an LCAP is adopted or updated by July 1.

- *Total LCFF Funds:* This amount is the total amount of LCFF funding (including supplemental & concentration grants) the LEA estimates it will receive pursuant to California Education Code (EC) sections 2574 (for county offices of education) and 42238.02 (for school districts and charter schools), as applicable for the coming school year. This amount is the amount indicated in the Standardized Account Code Structure (SACS) Budget Fund Form 01, Column F, row A.1 (LCFF Sources).
- *LCFF Supplemental & Concentration Grants:* This amount is the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to California Code of Regulations, Title 5 (5 CCR) Section 15496(a)(5), pursuant to EC sections 2574 and 42238.02, as applicable for the coming school year.
- *All Other State Funds:* This amount is the total amount of other state funds (do not include LCFF funds) the LEA estimates it will receive.
- *All Local Funds:* This amount is the total amount of local funds and entitlements the LEA estimates it will receive.
- *All Federal Funds:* This amount is the total amount of federal funds (including all Every Student Succeeds Act Title funds) the LEA estimates it will receive.

The total of the Projected General Fund Revenue should equal the amount indicated in the SACS Budget Fund Form 01, Column F, row A.5 (Total Revenues).

- *Brief description for General Fund Expenditures:* Briefly describe any of the General Fund Budget Expenditures for the current school year that are not included in the Local Control and Accountability Plan. The LEA's response for this prompt is limited to 450 characters.

Total Budgeted Expenditures for the 2022–23 School Year

- *Total Budgeted General Fund Expenditures:* This amount is the LEA's total budgeted General Fund expenditures for the coming school year as indicated on SACS Budget Fund Form 01, column F, Row B.9 (Total Expenditures). The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the California School Accounting Manual (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- *Total Budgeted Expenditures in the LCAP:* This is the total amount of budgeted expenditures for the planned actions to meet the goals included in the LCAP for the coming school year.

- *Total Budgeted Expenditures for High Needs Students in the LCAP:* This is the total amount of the LCFF funds budgeted to implement the planned actions and services included in the LCAP that are identified as contributing to the increased or improved services for high needs students pursuant to EC Section 42238.07.
- *Expenditures Not in the LCAP:* This amount is automatically calculated.
- *Brief description for High Needs Students:* If the amount in "Total Budgeted Expenditures for High Needs Students in the LCAP" is less than the amount in "LCFF Supplemental & Concentration Grants", a prompt will appear and the LEA must provide a brief description of the additional actions it is taking to meet its requirement to increase or improve services for high needs students.
Note: If no prompt appears, the LEA is not required to supply a description.

Expenditures for High Needs Students in the 2021–22 School Year

- *Total Budgeted Expenditures for High Needs Students in the LCAP:* This is the total amount of the LCFF funds budgeted to implement the planned actions and services included in the LCAP that are identified as contributing to the increased or improved services for high needs students pursuant to EC Section 42238.07 for the current school year.
- *Actual Expenditures for High Needs Students in the LCAP:* This is the total of the estimated actual expenditures of LCFF funds to implement the actions and services included in the LCAP that are identified as contributing to the increased or improved services for high needs students pursuant to EC Section 42238.07, as reflected in the Annual Update for the current LCAP year.
- *Brief description for actual expenditures for high needs students:* If the amount in "Total Budgeted Expenditures for High Needs Students in the LCAP" for the 2021–22 school year is greater than the amount in "Actual Expenditures for High Needs Students in LCAP", a prompt will appear and the LEA must provide a brief description of how the difference impacted the actions and services and overall increased or improved services for high needs students in the current fiscal year pursuant to EC Section 42238.07.
Note: If no prompt appears, the LEA is not required to supply a description.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Urban Corps of San Diego County Charter	Dan Thomas Executive Director	dthomas@uccharter.org 619-235-6884

Plan Summary 2023-24

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Urban Corps of San Diego County Charter School (UCCS) is a locally funded public charter school, authorized by the Mono County Office of Education. UCCS is a WASC-accredited high school specializing in youth ages 18-26. UCCS serves as a bridge to better the lives of disadvantaged inner city youth (as well as refugees from various countries) by providing them meaningful opportunities for success during school, and after they graduate with their high school diploma.

Our staff is committed and determined to provide much-needed resources and support to ensure that our students have every opportunity to succeed in spite of their many challenges and barriers. Currently, 98% of our students struggle with living below the poverty level, and many suffer from food and shelter insecurities, and mental health challenges. UCCS understands the need for wrap-around support for our students and we ensure that every student is equipped with available various onsite and/or community resources. In addition, UCCS participates in the National School Lunch Program and provides students with free daily breakfast and warm lunches.

In spite of the many personal and academic challenges, UCCS believes that our students are some of the most resilient, hard-working, and determined individuals who rise through adversity if given the opportunity. It is because of this, that UCCS is determined to provide our students with the best and most competitive academic and vocational experiences.

UCCS students attend school while simultaneously participating in paid vocational training. Vocational training opportunities are provided through partnerships with local and state organizations, such as Urban Corps of San Diego County (local corp), and the California

Conservation Corps (state corps). Students participate in a variety of project work related to improving and protecting the environment such as natural resource conservation, trail restoration, and building, construction, landscaping, and recycling.

This unique program's rigorous academic and vocational hands-on experience prepares students for real-world challenges and greater job and career opportunities. While at UCCS, students also have the opportunity to learn various important life skills, such as learning how to drive and get their driver's license, obtaining and responsibly maintaining their personal finances, including learning how to budget and save. In addition, UCCS offers career and job readiness classes to help students explore and develop their many talents and future career goals

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

UCCS has successfully re-engaged many students and increased enrollment post-distance learning. In the 2022-2023 school year, enrollment has increased and student achievement data shows significant progress.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

All students are low-income and a majority of the student population are English Learners. Additionally, many have interrupted schooling and diagnostic measures show students performing below grade level. Students continue to need additional supports academically and social emotionally in order to be successful.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

Of the students who are eligible to meet the graduation requirements, approximately 90% earn their high school diploma and either obtain gainful employment, attend community college or a combination of both. As adults, students experience a number of issues that the traditional education system is not accustomed to servicing. Urban Corps Charter Schools Support Services department provides services such as counseling, case management, transportation support, and referrals to housing, food stamps, health care and a variety of community resources that support student's attendance and success in the program. All students are eligible for free breakfast and lunch through The

National School Lunch Program (NSLP). To serve the unique English Learner population, the school has developed a rigorous Structured English Immersion (SEI) program to support immigrant students in obtaining academic and vocational English language proficiency. Since its inception, this program has resulted in significant advancements in English language development for this population.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

UCCS is its own LEA and is identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Retention is the root cause of UCCS's graduation rates and its subsequent identification for CSI. UCCS has developed a targeted CSI plan that implements interventions and supports (academic and behavioral) to support its students, improve attendance and engagement and ultimately improve graduation rates.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Regular meetings with stakeholders and monthly reviews of enrollment and retention inform the plan. Adjustments are made to improve student performance, however, UCCS's student population struggle with a variety of barriers to success.

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

UCCS engages its educational partners including the students themselves through regular feedback cycles and determines the school's priorities for the upcoming year.

The school's LCAP which focuses on major student learner needs. These goals were identified through stakeholder surveys, ongoing data assessments and disaggregation, feedback from students and community, and a focus on allocating resources to areas which will have the greatest impact on improving academic outcomes. Resources are strategically aligned to these goals.

A summary of the feedback provided by specific educational partners.

Through ongoing conversations, meetings, PD opportunities, and local survey data, the UCCS educational partners (Partner Agencies, Staff, Parents/Guardians, and Students) have expressed their desire for increased academic rigor and support for UCCS students. In collaboration with this year's LCAP, teachers and educational partners requested ongoing support and PD for teachers in addition to adapting the curriculum to better meet students' academic levels. Students, staff, and educational partners also expressed the desire to improve student attendance and retention through the continuous development of student support services.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

The feedback received from students, staff, and educational partners aligns with core aspects of the UCCS LCAP with regard to desired outcomes, goals, action steps, and metrics. Therefore, this indicates that there is no need for additional revisions or modifications at this time.

The needs expressed by UCCS educational partners fall within the following goals:

Professional development training for teachers (Goal 1 and Goal 2)

Increased academic rigor (Goal 1 and Goal 2)

Building a supportive learning environment conducive to academic success and retention (Goal 1 and Goal 3)

Goals and Actions

Goal

Goal #	Description
Goal 1	All UCCS students, especially language learners, will experience a rigorous, supportive and safe learning environment to prepare them for high school graduation, college, and/or career.

An explanation of why the LEA has developed this goal.

To achieve success, students need a learning environment that offers common core standards aligned materials in a wide range of courses delivered with appropriate instructional strategies by highly qualified teachers within safe, appropriate facilities.

Measuring and Reporting Results

Metric #	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023-24
Human Resources Records	80% of teachers credentials are appropriately assigned per AB 1505.	70% of teachers credentials are appropriately assigned per AB 1505.	90% of teachers credentials are appropriately assigned per AB 1505.	[Intentionally Blank]	100% of all teachers are assigned appropriately per AB 1505, meeting the requirement prior to the deadline.

Inventory of Classroom Materials	100% all classroom materials, online textbooks and online instructional resources are standards aligned	100% all classroom materials, online textbooks and online instructional resources are standards aligned	100% all classroom materials, online textbooks and online instructional resources are standards aligned	[Intentionally Blank]	100% of all classroom materials, online textbooks and online instructional resources are standards aligned with the incorporation of new online resources
Plant maintenance checklists	Facilities are appropriately maintained by custodians	All facilities are appropriately maintained by custodians.	All facilities are appropriately maintained by host agencies' custodial staff.	[Intentionally Blank]	Classrooms will remain safe and appropriately clean to provide a conducive learning environment
100% of teachers attended PBIS training.	All teacher participate in the school MTSS program called Progressive Intervention. Teachers will continue to participate in PBIS training to improve supports provided to students.	3 of 7 (40%) of teachers attended PBIS training in 2021-2022.	Teachers attended PBIS training in 2022-2023.	[Intentionally Blank]	100% of teachers will have attended 1-2 external PBIS trainings.

<p>Student progress on ELPAC & local assessments</p>	<p>80% of ELs demonstrated growth in EL advancement</p>	<p>English Learner Master Plan is adopted and identifies diagnostic & growth local assessments for Adult English Learners to demonstrate growth.</p>	<p>English Learner Master Plan was implemented. Remedial software such as Freckle and Newsela were added to aid in scaffolding. ELPAC testing was conducted for students under 22 yo, and a new assessment for students 22 years old and older was adopted - AAPPL. Our in-house assessment for initial placement and movement between levels was revised.</p>	<p>[Intentionally Blank]</p>	<p>80% of ELs demonstrate growth in EL level advancement including ELPAC (18-21 year old) local assessments to measure growth amongst Adult English Learners (22+ years old)</p>
<p>Graduation Rates</p>	<p>100% of students that complete job training requirements graduate</p>	<p>82% of students that entered their final (Seniors) semester graduated on time in 2021-2022.</p>	<p>86% of students that entered their final (Seniors) semester graduated on time in 2022-2023.</p>	<p>[Intentionally Blank]</p>	<p>100% of students that complete job training requirements graduate</p>

English Learner Progress Indicator & local data	21% of ELs aged 18-21 are making progress towards English language proficiency	ELPI score does not yet include 2021-2022 Summative ELPAC.	44.4% are making progress toward English language proficiency. (per ELPI data)	[Intentionally Blank]	50% of ELs are making progress towards English language proficiency (per ELPI and local measures for overage students)
---	--	--	--	-----------------------	--

Actions

Action #	Title	Description	Total Funds	Contributing
Action #1	Credential Review	With assistance from Mono County Office of Education, review all teacher credentials to ensure appropriate credentials are held for assigned classes.	\$6,500.00	Yes
Action #2	PBIS Professional Development	Teachers will attend professional development opportunities to better support students, understand RTI and adhere to MTSS best practices.	\$4,500.00	Yes
Action #3	School Nutrition Program	UCCS will continue to provide breakfast and lunch to students and expand to new sites.	\$300,000.00	Yes
Action #4	ELMP	Urban Corps worked with local English Learners experts to develop an English Learner Master Plan that guides enrollment, assessment, and support for all EL typologies including the development of additional interventions and language learning supports. This include training and support for identifying ELs in need of Special Education. In 2022-2023, trainings, assessments and programs will support ELs.		No

Action #	Title	Description	Total Funds	Contributing
Action #5	ELPA	Director of Academics will collaborate with ELD chair to develop local English Learner Assessment to monitor the progress and advancement of Adult English Learners.	\$69,500.00	Yes

Goal Analysis 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Actions for Goal #1 were carried out according to plan, teachers' credentials were reviewed, and professional development was conducted to encompass PBIS, MTSS, and EL training. Our school nutrition program expanded to include a new site. The Director of Academics collaborated with the ELD department to develop local assessments for incoming students to determine EL levels. A new assessment was implemented to assess our Adult English Learners, AAPPL, used as a summative assessment during the school year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There was an increase in the Actual Expenditures compared to the Budgeted Expenditures in regard to Action #1.1 - Credential Review as four teachers were completing a year of induction this school year.

An explanation of how effective the specific actions were in making progress toward the goal.

All actions were effective in making progress toward Goal #1. Four teachers were enrolled in an induction program this school year and all teachers were credentialed to teach their assigned classes. Teachers attended regularly scheduled PDs addressing EL, RTI, and MTSS best practices in order to better serve their students. UCCS continued to provide meals to our 98% unduplicated students and expanded to serve meals at an additional site. Specific training was provided to educate and prepare teachers to support our English Learners. Teachers were educated about the EL Roadmap, UCCS EL Master Plan, and incorporated EL SLOs in their lesson plans.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

All actions for Goal #1 contributed to a positive experience and increase in student engagement and academic achievement. UCCS will continue to implement the actions for the upcoming school year.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal

Goal #	Description
Goal 2	UCCS will increase recruitment, retention and level of regular student attendance, as well as follow students to determine post-corps activities and levels of success.

An explanation of why the LEA has developed this goal.

To achieve success, students need to be attending school and job training to successfully complete our program.

Measuring and Reporting Results

Metric #	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023-24
----------	----------	----------------	----------------	----------------	-----------------------------

Student attendance records	2020-2021 Attendance Data	79.5% average schoolwide attendance	81% average schoolwide attendance.	[Intentionally Blank]	Attendance will increase 5% each year
Alumni Survey and Post Corps Follow Up	75% of alumni are fully employed or enrolled in college or trade school within 3 months of graduation	78% of alumni responded that they are employed or enrolled in school within 3 months of graduation.	81% of alumni responded that they are employed or enrolled in school within 3 months of graduation.	[Intentionally Blank]	Number of graduates fully employed or attending college/trade will increase by 2% each year
Recruitment and Enrollment	Total Enrollment: 158	Total Enrollment: 184	Total Enrollment: 231	[Intentionally Blank]	Increase enrollment to a total of 220.

Actions

Action #	Title	Description	Total Funds	Contributing
Action #1	Attendance Follow Up	UCCS staff will follow up with students when they do not attend school as documented by phone calls, texts, emails, etc.	\$75,000.00	Yes
Action #2	MTSS New Intervention Programs	As part of Phase 3 MTSS development, the school has adopted Freckle ELA & Math, Newsela, NorthStar and other programs that will be utilized by students to improve Reading and Math scores. By doing so, students will be able to participate more fully and will remain engaged in their academic courses. The daily schedule will include intervention and support time for students, especially ELs, identified by MTSS that are in need of additional supports.		Yes
Action #3	Alumni Follow Up	UCCS Staff will revise alumni one-year follow up tracking as a measure of the school's success	\$53,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
Action #4	Individual Development Plan	UCCS will support students in various ways including the development and regular monitoring of personal goals through students' IDPs	\$119,909.00	Yes

Goal Analysis 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

For Goal #2, UCCS staff combined their efforts to follow up on absences with an enhanced tracking attendance system and protocol. Schoolwide attention to students' attendance and retention has improved the overall successful completion of our program. The MTSS remedial software Freckle was implemented and provided a positive impact on students' Math and Reading levels as measured by STAR scores.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

An explanation of how effective the specific actions were in making progress toward the goal.

Action #2.1 included a new position that was implemented to monitor, track students, and address the services needed. This allowed for effective Attendance Follow-up increasing retention.

Action #2.2 the remedial software Freckle provided students with adaptive practice to hone their math and reading skills. Students were allocated 30 minutes per week in a lab setting which encouraged them to academic advancement and engagement.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Actions #2.3 and #2.4 are conducted in partnership with our collaborative partners Urban Corps of San Diego County and the California Conservation Corps.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal

Goal #	Description
Goal 3	UCCS will provide students a broad course of study and opportunities for instruction to keep them engaged and eligible to meet the graduation requirements of the school.

An explanation of why the LEA has developed this goal.

To achieve success, students must have access to a broad course of study, as well as incentives to attend school and meet all program requirements.

Measuring and Reporting Results

Metric #	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023-24
----------	----------	----------------	----------------	----------------	-----------------------------

Course Schedule	UCCS offers standard high school requirement courses	UCCS offers multiple LifeSkills course options including social-emotional learning, financial literacy, and career exploration. Courses added to the schedule in S2 2021-2022 included foundational mathematics courses that better meet the current student needs.	Courses added to the schedule in 2022-2023 included foundational Science courses and academic skills classes to better meet the current student needs.	[Intentionally Blank]	UCCS will offer additional elective courses to students including language and/or higher level math
-----------------	--	---	--	-----------------------	---

Actions

Action #	Title	Description	Total Funds	Contributing
Action #1	CTE Pathway	UCCS Staff will research CTE pathways that are in local growing industries and work to develop plans for implementation. UCCS will offer CTE course options via UC Scout to interested Seniors.	\$53,000.00	Yes
Action #2	Course Schedule	UCCS Staff will add additional class time as well as after school programs to offer Math and Reading labs as well as additional course offerings enabling students to increase their academic credit attainment.	\$55,000.00	Yes

Goal Analysis 2022-23

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Action #3.1 - CTE has not yet been implemented. Research has been conducted and collaboration with a local community college has been established.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

An explanation of how effective the specific actions were in making progress toward the goal.

Action #3.2 - The comprehensive course of study and instruction provides an opportunity for more targeted support for our students. This school year UCCS implemented a basic Science class for all EL levels to prepare them for future Science classes. These classes kept the students engaged and motivated as they continue to progress toward their diplomas.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In regard to Goal #3, UCCS will continue to develop targeted courses to prepare our students for their future endeavors. More CTE venues will be explored.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be

found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for 2023-24

Projected LCFF Base Grant	Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
\$1,849,850.00	\$390,982.00	\$58,647.00

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
21.15%	0%	\$0.00	0%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

By adding monitoring of the EL students' progress in English acquisition (English Learners and Adult ELs) the school is increasing services to EL students. Also by providing additional wrap-around services to students who are most at risk, the school is providing needed counseling and other services to the neediest students.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

All goals outlined here have a specific focus to improve the supportive learning environment for all students, but specifically English Learners and low-income students. Increased services for English Learners include focusing on the advancement of ELs through monitoring and improvement of ELPI and local data each year. Low-income students, which represent nearly all students enrolled will experience improved services including continued and expanded lunch programs, additional courses, career preparation, and in-depth goal setting and career placement through the development of Individual Development Plans.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

UCCS has a high concentration - 98% - of unduplicated students. The additional concentration grant add-on funding will be used to increase the number of staff providing direct services to students by funding two positions, Student Support Services Coordinator and Instructional Aides/Classroom Assistant. In addition, due to limited base grant funding concentration grant funding will be used to maintain current staffing levels preserving a low teacher-to-student ratio in the classrooms.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	Does not apply to Charter Schools	Does not apply to Charter Schools

Staff-to-student ratio of certificated staff providing direct services to students	Does not apply to Charter Schools	Does not apply to Charter Schools

Instructions

- Plan Summary
- Engaging Educational Partners
- Goals and Actions
- Increased or Improved Services

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

- Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes

Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need

Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights

Identify and briefly summarize the key features of this year’s LCAP.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified:

Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools:

Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness:

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and districtlevel goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a. Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b. If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
- c. Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d. Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e. Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A

sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

Prompt 2: “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions

- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or

strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- *Consistently low-performing student group(s) goal requirement:* An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.
- *Goal Description:* Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.
- *Explanation of why the LEA has developed this goal:* Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included

in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- *Low-performing school(s) goal requirement:* A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- *Goal Description:* Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- *Explanation of why the LEA has developed this goal:* Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and

expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.

- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023-24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023-24)
Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2022–23 . Leave blank until then.	Enter information in this box when completing the LCAP for 2023–24 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 . Leave blank until then.	Enter information in this box when completing the LCAP for 2021–22 or when adding a new metric.

Timeline for completing the “Measuring and Reporting Results” part of the Goal.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions:

Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in California Code of Regulations, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners:

School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in EC Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth:

School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as

instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose

meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an

amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective:

An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

- After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])
- In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])
- These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged

status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools:

Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55%:

For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55%:

For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions are the most effective use of the funds to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a

schoolwide basis.

For schools with 40% or more enrollment of unduplicated pupils:

Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils:

Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at

schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following action tables are required to be included in the LCAP as adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024-25 LCAP, 2024-25 will be the coming LCAP Year and will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- *LCAP Year*: Identify the applicable LCAP Year.
- *1. Projected LCFF Base Grant*: Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- *2. Projected LCFF Supplemental and/or Concentration Grants:* Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- *3. Projected Percentage to Increase or Improve Services for the Coming School Year:* This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- *LCFF Carryover — Percentage:* Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- *Total Percentage to Increase or Improve Services for the Coming School Year:* This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

Goal #:

Enter the LCAP Goal number for the action.

Action #:

Enter the action's number as indicated in the LCAP Goal.

Action Title:

Provide a title of the action.

Student Group(s):

Indicate the student group or groups who will be the primary beneficiary of the action by entering "All", or by entering a specific student group or groups.

Contributing to Increased or Improved Services?:

Type “Yes” if the action is included as contributing to meeting the increased or improved services; OR, type “No” if the action is not included as contributing to meeting the increased or improved services.

If “Yes” is entered into the Contributing column, then complete the following columns:

Scope:

The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

Unduplicated Student Group(s)

Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

Location:

Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools”. If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Time Span:

Enter “ongoing” if the action will be implemented for an indeterminate period of time.

Otherwise, indicate the span of time for which the action will be implemented. For example, an

LEA might enter “1 Year”, or “2 Years”, or “6 Months”.

Personnel Expense:

This column will be automatically calculated based on information provided in the following columns:

Total Personnel:

Enter the total amount of personnel expenditures utilized to implement this action.

Total Non-personnel:

This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

LCFF Funds:

Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

- *Note:* For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

Other State Funds:

Enter the total amount of Other State Funds utilized to implement this action, if any.

Local Funds:

Enter the total amount of Local Funds utilized to implement this action, if any.

Federal Funds:

Enter the total amount of Federal Funds utilized to implement this action, if any.

Total Funds:

Enter the total amount of Federal Funds utilized to implement this action, if any.

Planned Percentage of Improved Services:

For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
- Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and

determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- *9. Estimated Actual LCFF Base Grant:* Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).
- *10. Total Percentage to Increase or Improve Services for the Current School Year:* This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

4. Total Planned Contributing Expenditures (LCFF Funds)

- This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column

5. Total Planned Percentage of Improved Services

- This percentage is the total of the Planned Percentage of Improved Services column

Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

6. Estimated Actual LCFF Supplemental and Concentration Grants

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

4. Total Planned Contributing Expenditures (LCFF Funds)

- This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

7. Total Estimated Actual Expenditures for Contributing Actions

- This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)

**Difference Between Planned and Estimated Actual Expenditures for Contributing Actions
(Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

5. Total Planned Percentage of Improved Services (%)

- This amount is the total of the Planned Percentage of Improved Services column

8. Total Estimated Actual Percentage of Improved Services (%)

- This amount is the total of the Estimated Actual Percentage of Improved Services column

Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

- This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of

LCFF funds that is required to be carried over to the coming year.

13. LCFF Carryover — Percentage (12 divided by 9)

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
